Columbia Recording artists Blue Oyster Cult have been around for quite some time. The members of the band started to form in the late 60's, as a band called Soft White Underbelly. Originating from Long Island, New York, the band went through three name changes in three years, recording under such names as previously mentioned Soft White Underbelly, Stalk-Forrest Group and then finally Blue Oyster Cult. The band's name comes from the famous Long Island Blue Point Oysters. The Cult found fame in two consecutive hit singles, "(Don't Fear) The Reaper" in 1976, and in 1981's classic hit "Burnin for you." As one of the first psychedelic/heavy metal bands, Blue Oyster Cult began a new trend in music, which spread rapidly from that point on. The band has released new music as of late, and is touring to spread their new music around the world.

Tickets available at all Ticketmaster locations and online at [ticketmaster.com](http://ticketmaster.com). The Lifestyle Communities Pavilion box office is open days of shows only starting at noon!! All people registered to run the ½ Marathon get FREE ADMISSION into the show.
